ORDER EXTENDING STATUTORY DEADLINE**Summary**

This decision extends the statutory deadline in this proceeding to November 6, 2014.

Background

Public Utilities (Pub. Util.) Code Section 1701.5 provides that ratesetting proceedings shall be resolved within 18 months of the date the scoping memo is issued, unless the scoping memo sets a later date. The Commission may also, upon making a written determination that the deadline cannot be met, including findings as to the reason, issue an order extending the deadline for up to 60 days.

On May 7, 2014, Golden State Water Company (GSWC), on behalf of its Bear Valley Electric Service Division (BVES), filed motions for approval of two settlement agreements in the current proceeding. One settlement is an all-party settlement that addresses all outstanding issues other than cost allocation among customer classes and rate design principles for residential customers; while the

other is a settlement regarding cost allocation among customer classes and rate design principles for residential customers that does not include the Office of Ratepayer Advocates.

In order to keep this proceeding open to provide the Commission sufficient time to assess these settlements, issue a proposed decision, and provide parties time for comment, we extend the statutory deadline of Application 12-02-013 for 60 days, from September 7, 2014 to November 6, 2014.

Waiver of Comment Period

Under Rule 14.6(c)(4), the Commission may reduce or waive the period for public review and comment of decisions extending the deadline for resolving issues raised in the scoping memo of a ratesetting proceeding. We waive the period for public review and comment pursuant to this rule.
